

**INTERNATIONAL ELECTROTECHNICAL COMMISSION SYSTEM FOR
CERTIFICATION TO STANDARDS RELATING TO EQUIPMENT FOR USE
IN EXPLOSIVE ATMOSPHERES (IECEX SYSTEM)**

**Circulated to: IECEX Management Committee (ExMC) + All ExCBs, ExTLs and RTPs
Title: Implementation of IECEX single logo trademark design**

Dear Colleagues

During the 2020 Remote meeting of the IECEX Management Committee, ExMC the meeting recorded **Decision 2020/27** to seek approval for publication of ExMC/1620/DV as edition 2.0 of the IECEX 04 Conformity Mark Rules, in support of the new single IECEX logo design for its Trademark and Conformity Mark.

We are now pleased to advise that IECEX 04 Edition 2.0 has both been approved by the CAB and now published and available on the IECEX website. Other supporting operational documents and guides have also been published and available from the IECEX website.

As a result, we now wish to inform that the IECEX trademark and its Conformity Mark now consist of the single IECEX design, as depicted below and is effective immediately.

IECEX 01B Guide does provide for a two-year transition period during which either the previous dual IEC /IECEX box logo may still be used on new material. There is no planned impact to hard copy material previously published even following the transition period.

In the interest of maintaining a consistent IECEX brand and image, the IECEX Executive, at its recent March 2021 meeting supported the immediate updating of the IECEX logo trademark appearing on IECEX publications to the new single logo design.

As a result, the IECEX Secretariat advises that the IECEX website along with various publications (Rules, ODs etc) have now been updated. As this update only consists of change to the logo/trademark appearing on publications, they all retain their existing Edition number. There are no changes to content except for those publications addressing the IECEX Trademark/Logo.

We ask that you note this change accordingly.

Kind regards

Chris Agius – IECEX Executive Secretary
